

**WATER CONSERVATION ALERT
PLEASE BE AWARE OF YOUR WATER USAGE!!!!**

We are in an extremely dry season with higher demand throughout our system. Please help us sustain service to everyone by conserving water, it all starts with YOU.

CONSERVATION TIPS

- Promptly repair any leaks or dripping faucets
- Wash only full loads (dishes and clothes)
- Shorten showers, turn off water while brushing teeth/shaving/washing hands
- Water lawns in early morning
- Adjust kid sprinkler play by placing in dry areas near/around plants
- Wash car only when necessary/use bucket of soapy water & hose on only for rinsing
- Use short bursts of water as needed/never run water continuously

Mandatory water use restrictions are not in effect at this time but may be implemented in the near future to preserve water availability!
